Meeting in Ajaccio - Diary report by Tina Brach

More first times in Corsica

I have been to France before but I haven't been to Corsica.

It was a great experience. The landscape is awesome, the food fantastic and the weather was perfect. But the best thing was to see so many of the people who attended the Telsiai-meeting again and to meet some nice new people in addition. It is incredible how such a short time of working together can create a bond between complete strangers. It was like meeting old friends instead of meeting people one saw for only one time a couple of months ago.

I think that is the reason why it is so easy to work together and to come up with many ideas.

I really enjoyed it and learnt a lot about all kind of topics. Some connected to our topic 'Folk without book', some connected to life in general.

I am really looking forward to seeing some old and new friends on the next meeting.
